

International Clematis Society

Seed Exchange 2022/2023

In the wake of many recent postal changes in many countries, the Society is working to ensure that interested members can participate in a seed exchange this year. At the very least we will run three seed exchanges with three administrators: Mike Miller (USA/Canada), Ingrid Kastell (EU-Sweden), and Guy Opie (Great Britain). A huge *Thank you* to these new administrators!

We hope to make the seed exchange a truly international exchange among the three areas, but more paperwork has to be done to make it happen. More details on exactly how the seed exchange will work will be sent via a dedicated seed-exchange email, Society Facebook posting, and a [new document seeds2023.pdf](https://www.clematisinternational.com/seeds2023.pdf), available on our website at <https://www.clematisinternational.com/seeds2023.pdf>.

The important task now is now for Members to identify seed to prepare and provide to the Seed Exchange by December 31, 2022.

Details on identifying suitable seeds and what to do to prepare them for posting can be found on our website at <https://www.clematisinternational.com/seeds.shtml>.

Please post your seeds to the relevant Seed Exchange Administrator for where you live.

Members in the EU should post seeds to: Ingrid Kastell, Uniformsgatan 8, S-72350 Västerås, SWEDEN.

Ingrid's email is: ingrid.icls@outlook.com

Members in the UK should post seeds to: Guy Opie, 19 Sandra Crescent, Washingborough, Lincolnshire, LN41QZ, GREAT BRITAIN.

Guy's email is: guywopie@hotmail.com

Members in the USA and Canada should post seeds to: Mike Miller, 419 Gregory Avenue, Wilmette, IL 60091, USA.

Mike's email is: mjmil@comcast.net

If you have any queries about where to post your seeds please contact Mike Miller.
