

International Clematis Society

Seed Exchange 2024/2025

**Please send seeds or an email of a list of seeds you will send
by 15th November 2024**

The International Clematis Society is offering its Seed Exchange once again this year. Members can identify seed now to provide to the Seed Exchange. Email Mike Miller at mjmil@comcast.net with your donated seed information by November 15, with the seed arriving to your region's Administrator before the January 1 distribution date.

November 15

Donated seed due to seed exchange administrator (or an email to Mike with what will be on its way).

December 1

Seed exchange list posted online. Orders are filled in order of arrival with donors processed first. Members may request 10 seed lots as their first request so that all members have a chance to request small lots of desired seed. If more than 10 seed lots are desired, members should include those as well in their email. If unfulfilled by other member requests by January 1 those seed lots will go out to the member in the same shipment.

January 1

Seed exchange closes and seed distribution begins.

March 1

Seed exchange over and surplus seed to go to local events for distribution.

Details on identifying suitable seeds and what to do to prepare them for posting can be found on our website at <https://www.clematisinternational.com/seeds.shtml> .

Please post your seeds to the relevant Seed Exchange Administrator for where you live.

Members in the EU should post seeds to: Ingrid Kastell, Uniformsgatan 8, S-72350 Västerås, SWEDEN.

Ingrid's email is: ingrid.icls@outlook.com

Members in the UK should post seeds to: Guy Opie, 19 Sandra Crescent, Washingborough, Lincolnshire, LN41QZ, GREAT BRITAIN.

Guy's email is: guywopie@hotmail.com

Members in the USA and Canada should post seeds to: Mike Miller, 419 Gregory Avenue, Wilmette, IL 60091, USA.

Mike's email is: mjmil@comcast.net

If you have any queries about where to post your seeds, please contact Mike Miller.
